Profile

I am a very responsible, reliable and enthusiastic graduate from the University of Central England (now Birmingham City University) in Birmingham, with a strong interest in all forms of design, from digital to print, photography and multimedia. I have a keen eye for detail and enjoy the challenge of bringing ideas and concepts to life. I continue to develop and expand my skill base both in and outside the design industry. I consider myself to have good time management and communication skills.

I have a strong interest in all forms of the music industry, including attending live performances, music management, music production, song writing, lyric and poetry writing along with film making, script writing, contemporary and avant-garde cinema and Japanese art.
